Miss Veda Liskey

We dedicate this annual to a person who has been our close friend and shining inspiration through the past three years. She has guided us, taught us, and shared our joys and heartaches as if they were her own.

At our parties and dances, she was not just a sponsor; but one of us.

Through the years, we knew we could depend on her to help us with our problems, both personal and professional.

We will always remember fondly the little jokes we shared, the private little parties in our rooms, the rides downtown, and the ice cream cones at the shopping center.

The theme of our annual is love; and so, we dedicate this annual to you, Miss Veda Liskey, for you have shown us the true meaning of love. As you have taught us, love is created by God and so God is love.

The Senior Class
1964

"The Greatest of These is Love" and so we the graduating class of 1964 have endeavored to show our love for all mankind through service to humanity. We will always strive to serve our fellow man regardless of race, color, or creed with love. As we embark on our careers as nurses, we ask the help of God to always keep love in our hearts and in so asking we pledge.

"I Would Be True, for There Are Those Who Trust Me;"

"I Would Be Pure, for There Are Those Who Care;"

"I Would Be Strong for There Is Much to Suffer"

"I Would Be Brave, for There Is Much to Dare."

"I Would Be Friend of All — the Foe, the Friendless;"

"I Would Be Giving and Forget the Gift . . ."

"I Would Be Humble, for I Know My Weakness"

"I Would Look Up
and Laugh and
Love and Live."

ADMINISTRATION

Department of Nursing

MISS E. VIRGINIA REILLY

Nursing demands the best from each one of us. Each member of the Class of 1964 has met this challenge in her own way. Some with zest and enthusiasm, others with gentleness and courtesy. It has required perseverance and devotion from all. We, the faculty, have watched you develop and mature with satisfaction. You are prepared to make a contribution to society. Continue to grow and to learn. We are grateful for your intangible contribution to the school. Our best wishes go with you.

We, the graduating class of 1964, would like to take this opportunity to thank you, the doctors of R. M. H., for the kindness, consideration, patience, and help you have given us in the past three years. We are grateful for the things you have taught us; about our patients and ourselves; for the time you took to explain diagnoses to us; and for the interest you have always shown in each of us. You have taught us, listened to our problems, guided us, and joked with us. All these things you have given us; but most of all you have been our friends. For all of this and so much more, thank you.

We studied, worked, laughed and cried through three months while in O.B. We'll never forget waiting for our follow-through patients to come in. We learned many new and interesting things during those three months and we'll never forget the part we played in bringing joy into a family's home.

Diet Therapy

Unit Management

Surgery

For two months, we were part of the exciting O.R. team. Here we had a chance to see living anatomy and the changes disease makes on the body. Here we obtained a wealth of knowledge which we will always carry with us. We saw team work displayed, not only during the operations, but throughout the entire day. This teamwork was carried out in teaching us; for everyone in the operating room taught us.

WANDA LEE WHITE

This year the theme for Student Nurse Week was "We Inherit the Past to Build the Future." The purpose of Student Nurse Week is to present the life of the student to the public that her education in nursing and her responsibilities and opportunities in the field of health might be better understood.
